Leslie,

I reviewed your bond calculation as shown below, for future operations at the Honeycomb Mine, and concur.

The Forest Service completed a cultural resources survey of the Honeycomb Mine and immediate surrounding area, and found no significant cultural resources. I don't have a copy of the official report or determination handy, but if you need the official determination, I can send one later on.

Let me know if you have any questions, or if I can be helpful in some way.
